

2024 Membership Benefits

The Surrey Law Society welcomes members from across the county who wish to engage and network with other individuals and firms within the legal profession. The Society's membership, which is made up of over 1,000 individuals, benefit from a range of opportunities to share experiences and best practice with peers, whilst further promoting Surrey as a legal centre of excellence. The Society hosts a variety of training courses and social events, including our flagship SLS Legal Awards, which allow members to establish new relationships and grow their networks in the community. In addition, the Society has implemented a full online programme of content, to support our face to face meetings, and members have access to this programme as well as the full back catalogue of webinars and courses that have been hosted previously. Our membership is formed of a number of different individual and corporate categories, and we support, work with and represent our members across the country, forming a vibrant and active membership community
